

UW 2021 Summer Campus Plan

University of Wyoming recently published its 2021 Summer Campus Plan in response to the COVID pandemic. Over the course of several announcements, Human Resources will highlight the major elements of the plan. The entire plan can be found: <http://www.uwyo.edu/ALERTS/files/docs/uw-summer-plan.pdf>. Today's focus is Visitor Policy.

Visitor Policy

While on University-owned property or when conducting University business or activities, including instruction and research, visitors must observe the same health and safety requirements as students, faculty and staff. Visitors acknowledge that there are risks related to exposure to COVID-19. Should visitors choose not to abide by the University's COVID Policy while on campus, they will not be permitted to participate in work, events, activities, research or other engagements and will be asked to leave campus.

Additional details regarding the Visitor Policy can be found: <https://www.uwyo.edu/ALERTS/files/docs/uw-visitor-policy-approved.pdf>.
