

Fisher Scientific Supplier in Procurement Catalogs

The University of Wyoming has partnered with Fisher Scientific to bring thousands of innovative, indispensable lab equipment and lab supplies at negotiated prices. We know lab supplies are critical to research and our goal is to save you money on the supplies that you need. A few samples of the savings within Fisher Scientific are below:

| Item | Retail Price | UW Price | Savings | Savings % |
|-------------------------|---------------------|-----------------|----------------|------------------|
| 2.5 ML Syringe | \$67.87 | \$37.70 | \$30.17 | 44% |
| Clamp Holder | \$24.00 | \$7.90 | \$16.10 | 67% |
| Petri Dish (60x15mm) | \$212.20 | \$60.77 | \$151.43 | 71% |

To access the negotiated pricing, employees can purchase items through the Procurement Catalog section within Purchase Requisitions. Upon accessing the Procurement Catalogs, Fisher

Scientific will be displayed as a separate icon. Simply click on the icon to navigate to the supplier's website, search for items and checkout.

Follow the similar steps outlined in the [Create Procurement Catalog Requisition](#) quick reference guide (QRG) to complete the checkout and purchase requisition. Remember, if you'd like someone in your unit to formally place the order for you and complete the requisition, you can export your shopping cart and email it to someone else to place the order, ensuring the correct supplies are ordered (see step 2 in the above noted QRG).
