

2021-2022 Block Transfer Map:
**Qualifying Transfer Associate Degree from a Wyoming Community College in any major to
the University of Wyoming B.S. Agricultural Business, Agribusiness Management Option**

This Block Transfer has been written for students who have earned a qualifying transfer associate degree (*Associate of Arts (AA), Associate of Science (AS), Associate of Business (AB), or Associate Degree in Nursing (ADN)*) with a minimum of sixty (60) credits in any major from one of the Wyoming Community Colleges (WYCC) who wish to complete the Bachelor of Science with a major in Agricultural Business/Agribusiness Management Option at the University of Wyoming (UW).

While some of the courses taken for the associate degree at the Community College are not specified in this document, the UW degree program relies on the foundational coursework completed for the associate degree to prepare the student for baccalaureate-level study.

Courses/categories that could/should be taken at the WYCCs are highlighted in GREEN. Students may satisfy these requirements by taking an equivalent course at a community college. The UW course is listed on the left; if a community college offers an equivalent course, it will be listed under the community college name in the table.

Courses/categories that are offered at some (but not all) of the WYCCs and at UW are highlighted in TURQUOISE. Students may take these courses at a community college that offers an equivalent course or after transferring to UW.

Courses/categories that must be taken at UW are highlighted in GOLD. If a student wishes to take any of these course at another institution, they must speak with their UW academic adviser.

All courses are three (3) credits unless otherwise specified.

BLOCK 1: University Studies Program (USP) Requirements

Please refer to the University Catalog at <https://uwyo.catalog.acalog.com> and click on the link in the left-hand navigation pane titled "The University Studies Program 2015" for more information.

Courses taken to satisfy General Education requirements at the WYCC are considered essential to prepare the student for entry into the Bachelor of Science degree program at UW. Because of the quality of that foundation, students entering UW as of Fall 2001 who have completed a qualifying associate degree from the WYCC are awarded the lower division general education requirements included in the USP, with the understanding that all students must successfully complete:

USP: First Year Seminar (FYS) Students transferring with a qualifying earned associate degree earned after completing high school will have FYS waived. Students who completed the associate degree as a concurrently enrolled high school student will be required to take a First Year Seminar course at UW with a minimum grade of C.

USP: US & Wyoming Constitutions (V) All students must have taken a course that satisfies the statutory requirement for US/WY Government & Constitutions. Students transferring from a WYCC to UW should select a course that will transfer to UW in the USP:V category.

USP: Communications 3 (C3) The upper division writing requirement for this degree program is satisfied by completing the baccalaureate degree requirements (AGEC 4965 or AGEN 4970) with a minimum grade of C.

Students are encouraged to take a 1-year sequence in a foreign language to satisfy General Education and/or elective course requirements at the community college prior to transferring.

BLOCK 4: Upper Division Major Requirements *(Courses are 3 credits unless specified otherwise)*

Major in Agricultural Business/Agribusiness Management Option:

This curriculum is for students preparing for careers in agribusiness. Applied agricultural economics courses are supplemented with marketing, management, finance, and other courses from the College of Business and production-oriented courses from other departments in the College of Agriculture and Natural Resources.

- 18 of AGECE 24 credit hours must be at the 3000-4000 level.

University of Wyoming Requirements:

- Total minimum credits required (including transfer credit) is 120 credits. If, after a student has completed all course requirements for their degree plan, it may be necessary to take additional credits to reach 120 credits in total. Courses should be selected to ensure that students satisfy minimum credit and residency requirements.
- Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be taken in residence at UW.
- No more than 4 credits of physical activity may be applied to the minimum credit hour requirement for UW baccalaureate degree.
- Minimum cumulative GPA is 2.00.
- Students may not take a course for S/U credit to satisfy any requirement unless the course is offered for S/U credit only. (UW S/U grade policy statement for spring 2020: <http://www.uwyo.edu/transfer/files/documents/transfer-policies/covid19-transfer-policy-statement.pdf>)
- A grade of C or above is required for University Studies Program (USP) categories: FYS, C1, C2, and C3.
- The UW Office of the Registrar provides final approval of degree completion requirements prior to the awarding of any degree.
