

# **ARTICULATION AGREEMENT BETWEEN NORTHERN WYOMING COMMUNITY COLLEGE DISTRICT AND UNIVERSITY OF WYOMING**

## **OVERVIEW:**

This formal program articulation agreement is made and entered into by Northern Wyoming Community College District, hereinafter referred to as NWCCD, and University of Wyoming, hereinafter referred to as UW. By this agreement NWCCD and UW express a shared commitment to increasing opportunities for student access to and success in higher education.

## **PURPOSE:**

This agreement provides students who have completed the **Associate of Science** degree with articulated coursework in Business and Finance the opportunity to complete a **Bachelor of Science in Business Administration** (online), **Business Economics, Finance, Management, or Marketing** degree at UW. Any NWCCD student who has earned an Associate of Science degree with coursework that adheres to the guidelines within this agreement is guaranteed that UW will accept designated major related credits and that all general education credits will apply to the Bachelor of Science degrees in a manner consistent with the treatment of native UW students and given junior status in the major.

## **CONDITIONS OF TRANSFER:**

### **Section I: Admissions and Matriculation**

NWCCD students maintaining continuous enrollment under this agreement will be afforded the same treatment and protection as native UW School of Business students enrolled under a specific catalog.

Criteria for acceptance into UW School of Business will be consistent with the criteria outlined in the institutional articulation agreement between NWCCD and UW.

NWCCD, upon request of students, will provide verification of completed courses to UW through its Office of Registration and Records.

Transfer students from NWCCD will have access to financial aid, scholarships, and student services on the same basis as native students.

UW will apply the same academic progress and graduation standards to NWCCD transfer students as those applicable to native UW students.

### **Section II: Program Plan**

While a course-by-course equivalence was used in the development of this plan, this agreement presumes that the general education core requirements at NWCCD meet general education requirements at UW. Students falling under this program articulation agreement will be responsible for successfully completing the additional prescribed requirements.
